Episode's Title : It's Pizza Time

Storyline :

It's a beautiful morning in Italy (showing Pisa Tower). There's a pizza cooking competition sign ("Be the Pros: Make Your Own Pizza" written on it) being held at one of the restaurants (for instance "de la pizza"). Alex act like the host and John as the judge along with the Chicken, Cow, and Pig citizen. The participants are Toby, Charlie, Lily, and Ruby (Showing them on their own station). As Alex give the sign to start cooking, the clock rings (like in Master Chef). Everyone starts making their base dough. After that (closing up to Toby) he brings out a chicken and chop it into pieces (doesn't show how the chicken is chopped, but only the gesture, which his shoulder and arm moving fast as the sound of chop appear like a pro chef). After that, Toby separate the chicken flesh and the chicken bone. But instead of using the chicken flesh as the topping (he throw it to the trash can, makes Alex shocked as he sees it), Toby choose the bone as the topping (dog instinct) then he crushes the bone to the smaller pieces, gives a tomato ketchup on it and put it in a microwave.

(Moving to Lily) Lily is dancing while expanding the dough as she throws and spins it into the air, also she gives a smirk to Ruby as a sign of showing her capability. (Shows Ruby) Ruby gets angry at this point. (Back to Lily) After making the dough, Lily fills her dough with carrot (rabbit instinct) and bbq sauce, then put it into the microwave.

(Moving to Charlie) after making his dough, he starts to peel the banana, and (with an evil laugh) throw the skin to Ruby's station intentionally, also put some mozzarella cheese on his pizza. (Moving to Ruby) who is trying to copy Lily's move when expand the dough, but unfortunately, she slips and the dough falls on her face, making her angrier.

Alex checking the clock for the remaining time, and ding dong (shows there are only 1 minutes remaining). Ruby is in panic state, so she ranting herself, putting everything on her pizza (doesn't show how the pizza look like… yet (only shows that she throws

everything for the pizza)) then put it in the microwave. Now she's worried that she can't make it, so Ruby increases the temperature to 250 degree Celsius and set the time for 30 seconds. Unfortunately, after starts cooking her pizza, the microwave is overpowered (shows shocking microwave), stopped working, and black smoke starts emitting from the microwave. Ruby are quickly open the microwave (doesn't take the pizza out) but Toby, Lily, and Charlie are laughing to her. Then, Alex starts calling for Toby to serve it to John.

In front of John and the judges, Toby opens the lid and showing his pizza; a bone pizza with ketchup sauce. John and the rest of the jusges are gulping as Alex forcefully takes the pizza and throw it away like a frisbee, letting Toby's instinct awaken and chase his pizza. Alex gives an exhale and call the next participant, Lily, to serve her pizza. It's a carrot pizza with bbq sauce. John and the judges eat the pizza, John gives a nod several time while munching and closing his eyes while the rest of the judges are confused with the taste (shows a bitter-taste face). Next, Charlie is called to serve his pizza, it's a banana pizza with mozzarella cheese. John eats it and gives the same reaction like when he ate Lily's. Lastly, Alex called for Ruby to serve her pizza. Ruby opens the lid in embarrassed face while Lily and Charlie laughing at her. As the lid opened, it emits black smoke. But as the black smoke gets cleared, John amazed with Ruby's pizza. It's an American pizza, there's a slice of meat, paprika, sausage, onion, and mushroom on the topping. When John and the judges take the first bite, the taste sends them fly (imaginary, John flying up followed by a firework, showing his pupils full of pizza). For instant tasting, Alex approaching Ruby, raising her hand like a champion and gives her the trophy. Everyone gives Ruby applause, but suddenly Toby is back while biting his own Bone pizza, giving it to Alex. Alex takes it and pet Toby's back, then everybody laughs.

End.
